Welcome to **cConnect**

for infants, lower primary & upper primary
The key themes of the Bible and the Christian faith are clearly explained in Connect. Week by week, students are encouraged to make connections with the Bible’s teaching and apply the learning to their lives.

Over a three-year cycle Connect lessons cover these main themes:

- God, our good Creator
- God’s big plan of salvation
- God keeps his promises
- God’s people living in God’s land
- Jesus teaches about his kingdom
- Followers of Jesus
- Living God’s way
- Easter and Christmas
- Special lessons: self-esteem, dealing with loss, caring for the environment, growing as a Christian, coping with change.

Different children learn in different ways and the Connect curriculum is designed to reflect this.

Children engage with the truths of the Bible week by week through music, drama, reading and writing, puzzle solving, drawing, and asking questions.

This curriculum is child-related. It is designed to engage minds and emotions as well as develop the skills needed to understand the Christian faith and how it applies to life.
The student activity book is full-colour throughout and packed with maps, drawing and completion exercises, puzzles and word games. At the back are a number of suggested prayers and the words to all the songs.

Large, coloured and beautifully illustrated visual aids are designed to depict the Bible characters, events, timelines, and family trees relevant to each lesson.

Music is a big part of each Connect lesson. Every week there are suggested songs to learn from the teacher's enclosed CD. Music is a great way to learn the truths of the Bible.
YEAR A semester 1
Knowing God
- God’s plan for creation
- Celebrating God’s good creation
- Jesus seeks the lost

Trusting God
- People who learnt to trust God
- Special lesson: Self-esteem
